# MAYOR'S ADDRESS

---

Gentlemen of the City Council:—In compliance with custom, I beg leave to submit for your consideration the financial condition of the city, together with several matters to which I wish to call your attention at this time. The ever growing needs of our city call for the most careful consideration, so that the money expended will accomplish the best possible results; still, I would not advise a too narrow policy, or, in other words, let us not try to make a little money cover the evident needs of a large territory.

Do what needs most to be done and do it permanently if possible. I believe if this policy is followed for a term of years it will accomplish gratifying results.

## THE FINANCES.

In a progressive city it is a hard proposition to make a material reduction in the municipal indebtedness. The last City Government just closed have, however, been able by good management and the untiring zeal of the Mayor and City Treasurer, to make an actual reduction of the debt to the amount of \$3,000.00, besides leaving a better balance in the treasury than we have had for years. With this good example before us I hope we may do as well or even better the present year.

## RESOURCES.

Due from Tax Collection,	\$ 30,942 03
Due from Sewer Assessments,	324 32
Due from Sidewalk Assessments,	145 55
Cash,	11,273 59
State Pensions,	657 00
Tax Deeds,	844 65

Sewer and Sidewalk Deeds,	1,583 28
	<hr/>
	\$ 45,770 42
Net Debt,	115,990 72
	<hr/>
	\$161,761 14

## LIABILITIES.

Bonds,	\$125,500 00
Notes,	29,500 00
Unpaid Mayor's Orders,	934 77
Trustees Valentine Hose Co.,	100 00
Woodlawn Cemetery,	32 48
Woodlawn Cemetery Bonds,	5,572 50
Memorial Library Books,	121 39
	<hr/>
Gross Debt,	\$161,761 14

## HIGHWAYS, SIDEWALKS AND BRIDGES.

I would call your attention to the permanent road building on Main street, which was started several years ago at the Deering line, built to comply with specifications submitted by the Commissioner of State Roads. This work, it seems to me, is very commendable, and should receive your attention this year.

The streets need better side drainage. Especially is this true of the whole length of Forest street, the lower end of Lamb street, Warren avenue from the corner of Cumberland street to the top of the hill near the residence of Levi Wescott, also the lower ends of Haskell and Rochester streets. This matter should be attended to early in the spring, and would, I am sure, be very much appreciated by the public.

I wish further to call your attention to the removal of snow from the sidewalks after a storm. I think the Street Department should be expected to get to work as soon as possible after a storm has ceased, even if it is late in the afternoon, as the snow plows better then than after it has been travelled upon for several hours. I think it would be economy and would better serve the public, even if we had to pay the workmen a little extra for overtime.

There are several calls for cross-walks each year. I trust that you will investigate each call carefully and build those most needed. I have in mind now the petition for a walk commencing at the junction of Cumberland and Main streets, near the drinking fountain, extending diagonally across Main street, connecting with the sidewalk near the Gleason-Marshall Co. store. This is a crossing used by more of our people, I believe, than any other in that section of the city, and is now in a very bad condition.

The appropriation for highways, sidewalks and bridges should be fully as large as last year.

### DRAINS AND SEWERS.

Upon a good sewer system depends in a great measure the health of the people. With this end in view it is evident that the construction of new sewers must continue for several years. The last Council was unable to construct all the sewers petitioned for last year and was obliged to refer three petitions to this Council, which I hope you will investigate as early as possible, so that the department may get to work as soon as the frost is out of the ground. These referred petitions are for sewers on School, Rochester and Garfield streets.

From the present outlook the appropriation for this department should be about the same as last year.

### FIRE DEPARTMENT.

As you are undoubtedly aware, the efficiency of the Westbrook Fire Department is conceded by all who are in a position to know, but I think you will agree with me when I say we should improve, if possible, in this department from year to year, and I think the appointment of a City Electrician to have charge of the alarm system, etc., is a move in the right direction.

I would also call your attention to the condition of Ladder Truck No. 1. It should be repaired and painted, and I think we should have it attended to this winter, as we can make better arrangements now than in the summer season.

There should be some better arrangements made for drying hose at the house of Hose 1, as on account of the poor facilities at hand it often becomes necessary to leave hose hanging in the tower weeks at a time, which, you will agree, is not desirable.

There are other changes and repairs that should be made.

The location of the house of Hose 1, it seems to me, is not the best that could be desired, and I think it would be better to sell the present lot and procure a lot on the street.

The Chief Engineer recommends the purchase of 500 feet of new hose to replace some of the old hose that has gone out of commission.

I trust that you will give these matters some thought.

### THE SCHOOLS.

The management and care of this department, as you very well know, comes within the province of the School Committee. It is your duty, however, to consider the recommendations of the School Committee and make your appropriations adequate to maintain the present high standard.

I find by inquiry that there are repairs needed on the school buildings at Pride's Corner. The Bridge street schoolhouse should have the outside woodwork painted. The Saco street school building needs considerable work done to put it in good condition. The Warren schoolhouse should be re-shingled and other repairs are needed.

You are aware that there has been a Cooking school added to our educational system the past year, which will add to the school expenses for the coming year. The Superintendent of the School Committee will, I think, give you an estimate of the appropriation required for the maintenance of the school.

It is acknowledged by the best informed that our schools compare favorably with those of other New England cities, even cities much larger than Westbrook. We have now, as in the past, I think, the very best men of

the city for the responsible positions of School Committee.

The education of our children means everything to them. Let us take no backward steps.

### MEMORIAL LIBRARY.

The business of this institution has been conducted very satisfactorily, and I think the cost to the city for its maintenance is more than offset by the advantages received by our school children alone. Moreover, as a factor for the entertainment and promotion of education of our citizens as a whole its value is incalculable.

### ALMSHOUSE AND FARM.

It was deemed advisable to overdraw the appropriation for this department for the last year, but I think the money was well expended. The overseers have during the past year installed a heating apparatus, besides painting and other repairs, adding much to the comfort and welfare of our unfortunate poor.

When you make up your list of appropriations this department should be carefully studied.

### WOODLAWN CEMETERY.

The City of Westbrook has a board of trustees for this institution of whom they may well feel proud, and to appreciate the work they are doing one should pay a visit to the well-kept grounds. I think I can safely say that the cemetery is second to none in a city of this size.

In closing I wish to say that probably we shall be called upon to act on the proposed Water District matter, which, I know, you recognize as one of great importance. I ask that you look at the subject from every point of view.

All I have to say at this time is let us be sure that we act best for the whole people.

It not only becomes my duty, but it will give me pleasure to assist you in any and every way in my power to give the citizens of the city of Westbrook a good business administration of its affairs. To this end I ask, and know I will receive, your careful co-operation.

## Report of City Solicitor

---

To the Honorable Mayor and City Council :

I beg leave to submit herewith my report as City Solicitor for the municipal year of 1907.

The suit of Mary C. Doucette against the city was compromised by the city paying her one hundred and fifty dollars. While the city denied all liability in the premises, yet it was thought advisable to pay her that sum under the circumstances.

There are two alleged claims now pending against the city, one by Mrs. Alton Spear, and the other by Mrs. John Allen. Both of these are in the hands of the committee on claims, who have not yet reported on either.

There are no other claims against the city that have been brought to my attention.

The city charter, ordinances and by-laws of the local board of health have been collected together, revised, printed and bound in one thousand volumes, and are now in a convenient and accessible form for use. Action on this matter was taken early in the year, and the council wisely secured the services of Hon. F. M. Ray to assist in the revision, and to him the credit is largely due for the satisfactory manner in which the work was done.

The charter now provides for a uniform sewer entrance fee, and the assessing of a definite sum for sidewalks, two features which espically commend themselves to all our citizens.

This has been a very busy year for the Solicitor. A great number of questions and matters were submitted to him which space prevents alluding to in this report.

To His Honor, the Mayor, the City Council and other officers of the city I feel deeply indebted for many courtesies shown me during the year.

Very respectfully submitted,

WILLIAM LYONS,

City Solicitor.

## Report of Truant Officer

---

To the Honorable Mayor and Board of Aldermen of the  
City of Westbrook :

I respectfully submit my report as Truant Officer for  
the year of 1907.

Number of school calls,	108
Number of house calls,	62
Returned to school six boys.	

Respectfully submitted,

MORTIMER O'SULLIVAN.

## REPORT OF THE Committee on Drains and Sewers

---

WESTBROOK, Jan. 13, 1908.

To the Honorable Mayor and City Council:

GENTLEMEN—The Committee on Drains and Sewers for the year ending Dec. 31, 1907, respectfully submit the following report.

Appropriation,	\$2,000 00
Amount received from sewer assessments,	307 58
Total,	<hr/> \$2,307 58
Amount expended,	2,561 59
Overdrawn,	<hr/> \$254 01

The following drains and sewers were constructed:

Hawkes street sewer extension, 82 feet of 8-inch sewer, material and labor,	\$ 103 40
Burton street sewer, 335 feet of 8-inch sewer, material and labor,	284 06
Rochester street sewer extension, 8-inch sewer, material and labor, 152 feet,	119 74
School street, 267 feet 8-inch sewer, material and labor,	200 77
Dodge street, 304 feet 10-inch sewer, material and labor,	225 00
Tolman street, 290 feet 8-inch sewer, material and labor,	185 95
Waltham street, 70 feet 8-inch sewer, material and labor,	52 60
King street, 106 feet 8-inch sewer, material and labor,	122 55

Cole street, 680 feet 8-inch sewer, material and labor,	667 75
Woodlawn Cemetery, 402 feet 8-inch drain, material and labor,	197 00
Making 2,688 feet of sewers and drains laid, costing \$2,158.82.	
Reconstruction, repairs, cesspools, manholes, etc.,	402 77
Total,	<hr/> \$2,561 59

There were two other petitions for sewers referred to your committee which we were unable to construct, viz., one on Garfield street and one on Morton street. We would advise that the same be considered at an early date.

Respectfully submitted,

PATRICK D. WELCH,	} Committee	
G. R. JOHNSON,		} on Drains and
CLEOPHAS AUBE,		

## Report of City Physician

---

To the Honorable Mayor and City Council of Westbrook :

GENTLEMEN—I have the honor to submit to you the following report.

The general health of those dependent upon the city has been very good for the past year.

Those who have required medical or surgical aid have in every instance been worthy and grateful.

Only one death has occurred. An old lady at the city farm died of senile dementia.

Those ill at the city home have had most excellent care and nursing by Mr. and Mrs. Newcomb, most of the cases being very trying.

One serious accident occurred. A partly demented inmate of the city home had the misfortune to fall and break (compound) his thigh bone. I reduced this fracture three times and applied firm splints and extension. It was impossible to keep him from removing the splints, so it became necessary to send him to the hospital, where the bone had to be wired together to save the limb.

Two cases of rupture were reduced.

Several special examinations were made.

Number of visits at the city home 20, residence visits 54, office calls 38.

Respectfully submitted,

LOUIS L. HILLS,  
City Physician.

# Report of City Marshal

---

WESTBROOK, ME., Jan. 9, 1908.

To His Honor the Mayor and City Council of Westbrook :

I herewith submit the report of the Police Department for the year ending Dec. 31, 1907.

Breaking and Entering,	2
Assault and Battery,	1
Assault on Officers,	1
Assault with intent to kill,	1
Assault,	1
Criminal Assault,	1
Nuisance,	1
Larceny,	3
Arrested for drunkenness,	117
Brought before the court for drunkenness,	55
Search warrants for liquors,	4
Search warrants for stolen goods,	1
Warrants for killing gray squirrels,	1
Warrants for disturbance on cars,	1
Violating City Ordinance,	8
Tramps brought before the court,	6
Tramps lodged and fed at Police Station,	259

LUTHER A. FRANK,

City Marshal.

## Report of the Assessors

---

To the Honorable Mayor and City Council of Westbrook :

GENTLEMEN :—We herewith respectfully submit our report for the year ending December 31, 1907.

Although your general appropriations were less by \$115.00 than the appropriations of 1906 the unusual increase in the expenses of the State and County gave Westbrook an increase of \$3,704.60 on the State and County tax. This not only absorbed the gain of \$143,773.00 on new property but caused the rate per cent. to increase from \$19.50 to \$20.00 on a thousand.

Amount of general appropriations including

State and County Tax,	\$92,231 34	
Overlay,	3,255 56	
Supplementary,	192 00	
	<hr/>	\$95,678 90

Divided as follows :

State Tax,	\$13,671 20
County Tax,	4,365 14
Abatements,	1,200 00
Alms House and Farm,	2,000 00
Discount on Taxes,	1,000 00
Drains and Sewers,	2,000 00
Fire Department,	4,400 00
Health Department,	400 00
Interest,	6,000 00
Incidentals,	5,000 00
Memorial Day,	100 00
Memorial Library,	1,400 00
Police,	2,700 00
Roads and Bridges,	9,500 00

Salaries,	4,500 00	
Schools, Common,	10,800 00	
School, High,	5,560 00	
School, Manual Training,	1,235 00	
School, Sewing and Cooking,	500 00	
School Books,	1,000 00	
School House Repairs,	2,500 00	
State Roads,	400 00	
Street Lights,	4,700 00	
Support of Poor,	2,800 00	
Water Contract,	300 00	
Old Liabilities,	1,200 00	
City Debt,	3,000 00	
		<hr/>
		\$92,231 34
Overlay,		3,255 56
Supplementary,		192 00
		<hr/>
		\$95,678 90

## VALUATION FOR 1907.

Real Estate, Resident,	\$1,916,190 00	
Real Estate, Non-Resident,	1,946,800 00	
		<hr/>
		3,862,990 00
Personal Estate, Resident,	\$338,550 00	
Personal Estate, Non-Resident,	271,155 00	
		<hr/>
		609,705 00
		<hr/>
Total Valuation,		\$4,472,695 00
Rate \$20.00 per \$1,000.00.		
No. Polls taxable, 2,011.		
No. Polls not taxable, 177.		
Poll Tax, \$3.00.		

## Personal property assessed as follows :

Bank Stock, 82 Shares,	\$ 8,140 00
Trust Co. Stock, 156 Shares,	11,700 00
Money at Interest,	47,245 00
Stock in Trade,	69,750 00
Logs and Lumber,	8,580 00
Carriages, 32,	1,600 00

Automobiles, 18,	8,325 00	
Musical Instruments, 354,	35,400 00	
Finished Products in Mills,	75,000 00	
Material in Stock,	159,000 00	
Machinery not taxed as Real Estate,	112,450 00	
Other Property,	40,212 00	
	<hr/>	\$577,405 00

## LIVE STOCK.

438 Horses,	\$21,900 00	
510 Cows,	10,200 00	
Young Stock,	100 00	
Sheep,	100 00	
	<hr/>	\$32,300 00
		<hr/>

A. D. WOODBURY,  
ALEX. LEBORGNE,  
JOHN STEVENS,  
JOHN P. GRAHAM,

# Report of Committee on Police

---

WESTBROOK, ME., Dec. 31, 1907.

To His Honor the Mayor and City Council:

GENTLEMEN:—The Committee on Police for the year ending Dec. 31, 1907, beg leave to submit their annual report.

The police department, like many other departments of our city, is growing in importance as the population increases.

Early in the year a petition was presented to the City Council asking that the regular police be taken out of politics and not removed or appointed for political reasons, but remain permanently during good behavior. This matter was left to your committee and City Solicitor Lyons, with power to act, but owing to want of sufficient time to present the matter to our last legislature it was deemed wise not to act at that time. We believe, however, that it is a subject worthy of consideration and should be thoroughly discussed before our next legislature meets.

By vote of the Council an order was passed to change the ordinance relating to salaries of regular police from \$2.00 to \$2.25 per day, which went into effect Jan. 1, 1908.

The interior of the police station, which we found very much out of repair, has been painted and whitened and now presents a very satisfactory appearance.

Through the recommendation of City Marshal Frank a disinfectant was purchased with which to sprinkle floors, cells, etc., before sweeping, thereby lessening the danger from contracting contagious diseases.

The closets in the police station which are without ventilation should be ventilated. There ought also to be a ventilator in the roof of the tramps' room.

We find the present system used by the officers on their several beats of winding clocks is not working very satisfactorily. The clocks on Brown street have been taken out at the request of the proprietors of the places where they were located. We think this matter ought to be attended to as soon as possible and one or more signal boxes or other practical device be put in operation this year.

We are pleased to report that a day police officer has been added to the regular force. This appointment was earnestly recommended by the city marshal. The changed conditions of things for the better on our streets in the day time not only reflects credit on the day police but also meets with the hearty approval of all our law-abiding citizens.

Respectfully submitted,

EDWIN J. LAVERTY,	} Committee	
GEO. R. BENNETT,		on
CHAS. C. BAILEY,		Police.

# Report of the Overseers of the Poor

---

WESTBROOK, ME., Dec. 31, 1907.

To the Honorable Mayor and City Council of the City of  
Westbrook :

We herewith submit our report for the municipal  
year ending Dec. 31, 1907.

## ALMS HOUSE AND FARM.

Mr. and Mrs. Freedom Newcomb, who have been in  
charge of the alms house for quite a number of years,  
have continued their faithful service during the year just  
passed in the usual satisfactory manner.

The inmates Jan. 1, 1907, were: Bessie Babb, Caro-  
line Barbour, Henry Carr, Archie Raymond, Joseph Le-  
page, Florence Maffitt, Mary Tilton, Mary Huckins and  
Lewis Hunt. Inmates admitted during the year: James  
May, admitted April 3; Mary Coyne, Aug. 26; Henry  
Meehan, Nov. 12; Nelson Green, Dec. 3, and Lucinda  
Dyer, Dec. 22. James May was discharged April 30, and  
Lewis Hunt was discharged June 10.

## ALMS HOUSE AND FARM.

To Expenditures, \$4,218 97	By Appropriation, \$2,000 00
To Bal. Unexpended, 383 41	By Receipts, 2,602 38
<hr/> \$4,602 38	<hr/> \$4,602 38

## SUPPORT OF POOR.

The outside poor have required quite a large expendi-  
ture of money, but all cases where assistance has been  
rendered have been worthy ones, and in our judgment  
have been cared for in this way much cheaper than as if  
they had been removed to the almshouse, as in all cases

we have assisted them only in part of their expenses; and had we so desired we could not have moved them to the alms house as every suitable room is now occupied and we are contemplating finishing additional rooms, which can be done at a small expenditure of money, as there is unfinished room that can be finished so as to make ample room should it be needed.

We take this opportunity to most respectfully request you to make the appropriation for these departments the coming year large enough to cover this additional expenditure which, in our judgment, would enable us to handle these departments much more satisfactorily.

We have assisted quite a number needy families beside several soldiers or soldiers' sons and the five inmates at the Maine Insane Hospital, namely, Nellie I. Bailey, Annie Webber, Mary Libby, Francis Bishop and Annie M. Lowell. This is three less than last year, the account of Daniel Ward having been transferred to the town of Yarmouth; and two deaths occurred, Thomas King having died January 14, and Fred C. Wentworth April 23, 1907.

#### SUPPORT OF POOR.

To Expenditures, \$3,618 11	By Appropriation, \$2,800 00
	By Receipts, 475 48
	By Bal. Overdrawn, 342 63
<hr/> \$3,618 11	<hr/> \$3,618 11

# INVENTORY OF REAL AND PERSONAL PROPERTY AT ALMS HOUSE AND FARM

## REAL ESTATE.

The Original Farm,	\$4,000 00
The Chapman Farm,	4,000 00
	<hr/>
	\$8,000 00

## PERSONAL PROPERTY.

9 cows,	\$400 00	4 potato diggers,	70
4 heifers,	55 00	1 manure digger,	50
1 bull,	10 00	4 axes,	3 00
19 tie chains,	4 50	1 stone hammer &	
2 double harnesses,	40 00	3 bars,	2 00
2 single harnesses,	40 00	4 ladders,	8 00
partial harness,	3 00	platform scales,	9 00
30 gal. kerosene,	3 60	2 bunches shingles,	1 25
20 cds. sawed wood,	120 00	1 grub hoe,	75

## REPORT OF THE Committee on Laying Out New Streets

---

WESTBROOK, ME., Jan. 13, 1908.

To the Honorable Mayor and City Council of Westbrook :

During the past municipal year there have been referred to your committee petitions to accept the following streets: Burton, Highland Court, Morton, Prince, Berkeley, Sargent, Hawkes and Maple. The extension of Oak to Berkeley street, King to Bridge street, Waltham street, 200 feet, and also that part of Pennell street not already accepted by the city. There was also referred to your committee the establishment of the grades on the following streets: Seavey, Giles and Giles Court, and the re-establishment of the grade of Forest street on the southwesterly side of Main street to conform with the present established grade of Main street. Also the defining and establishing of street lines on Giles Court.

Your committee has, after legal notice and public hearings, accepted the following streets dedicated to the city: Burton, Highland Court, Morton, Berkeley and the extension of Oak and Waltham streets, and have deposited with the city clerk the plans and grade lines of said streets.

Maple street and the extension of Pennell street was brought before the city council by the petitioners and referred to us. For the past several years petitions have been sent in to the different city councils and each time the petitioners were refused and the reports of the committees on new streets said there ought to be something done for the people in that vicinity. Your committee, after holding several hearings decided that something

ought to be done to remedy the existing conditions. Several plans were proposed, but the one we agreed on was to accept Pennell street to Maple street and to purchase the property of Mrs. F. M. Ray so as to extend Maple street direct to Valentine street. This plan was brought before the city council and approved by it. Under its instructions we proceeded to purchase the property for \$700 and at once sold the house for \$300. We then proceeded to lay out and grade Maple street from East Valentine street 475.86 feet to Pennell; and also straighten and grade the extension of Pennell street to said Maple street according to plans furnished by the engineer. The same with grade lines are deposited with the city clerk. Said streets were never dedicated to the city.

Your committee reports unfavorably on the acceptance of Prince street and the extension of King street, dedicated to the city, as they are not in proper condition. A sewer has been extended up King street 106 feet to accommodate several families who did not have drainage suitable to the board of health. The petitioner agreed to put that part of King street in condition to be acceptable but has not done so.

Sargent street, dedicated to the city, was not put in proper condition by the petitioner and no action taken by the committee.

Hawkes street. Your committee held a public hearing with the petitioners and engineer. John E. Warren desired to first locate the street and was given opportunity to do so. This street will probably be located, graded and dedicated to the city next year.

The defining and establishing of the street lines on Giles Court was referred to your committee. This has been done and the grade established, and plan giving grade and lines has been made and deposited with the city clerk.

Establishing the grade of Seavey street and Giles street and the re-establishing of the grade of Forest street on the southwesterly side of Main street to conform with present grade of Main street has been attended to by

your committee and the plans giving grades have been made and deposited with the city clerk.

Owing to the large amount of work that your committee has done this year they have been unable to get a majority of the monuments placed in position at important angles on the streets accepted, and would refer this to the new city council and suggest that they attend to these markers under the direction of the engineer and street commissioner as early in the spring as possible.

We would also recommend that in the future no streets be accepted until the proper monuments or markers have been placed in proper and satisfactory positions.

Respectfully submitted,

WILLIAM H. CRESSEY,	}	Committee on Laying Out New Streets.

# Report of the Street Commissioner

---

To the Honorable Mayor and City Council:

GENTLEMEN:—I have the honor to submit the following report for the year ending Dec. 31, 1907.

## ROADS AND BRIDGES.

We have built 140 rods of crushed stone road, using about 1,200 tons of stone. We have planked Bridge street bridge and one of the walks of the same, also Saco street bridge. We have put in new stringers to the bridge on the new road, and twenty box and ten pipe driveways, also six crosswalks.

## SIDEWALKS.

We have built of cinders and crushed stone about 2,000 feet of walk, repaired 400 square yards of concrete, laid 330 square yards of new concrete. Brick walk, 390 square yards, viz.: 135 yards on Haskell street and 155 yards on Main street, west end. We have set 455 feet of curbing, viz.: 220 on Haskell street and 235 on Main street.

## SEWERS.

We have laid 2,680 feet, viz.: 335 feet of eight-inch on Burton street, 152 feet of eight-inch on Rochester street, 267 feet of eight-inch on School street, 290 feet of eight-inch on Tolman street, 168 feet of eight-inch on King street, 680 feet of eight-inch on Cole street, 402 feet of eight-inch at Woodlawn cemetery, 82 feet of eight-inch on Hawkes street, 304 feet of ten-inch on Dodge street. We have put in Ys and Ts to the same, built three catch-basins and nine manholes.

In closing I wish to extend my thanks to His Honor,

the Mayor, and the several committees for their kindness and assistance.

Respectfully submitted,

M. H. WEBB,

Street Commissioner.

---

F. H. Butler, house remodeled and repaired, also  
stable remodeled into a dwelling house, Brackett street.

Eleazer Berube, house remodeled and repaired, Fitch  
street.

George H. Hallowell, dwelling house, State street.

R. Blake, dwelling house, Tolman street.

Dana Pomerleau, house remodeled and repaired,  
River street.

Newell Lowell, dwelling house not completed, Berk-  
eley street.

Severin Rioux, house remodeled and repaired and one  
not completed, Brown street.

Respectfully submitted,

BENJAMIN POIRIER,

Building Inspector.

## REPORT OF THE Trustees of Memorial Library

---

To the Honorable Council of the City of Westbrook :

GENTLEMEN :—The Trustees and Regents of the Memorial Library beg leave to submit the following report.

The organization for the past year has been as follows :

President—J. E. Warren.

Vice President—W. K. Dana.

Secretary—E. J. Haskell.

Auditing Committee—S. C. Morton, Ovide Fortin, K. S. Raymond.

Purchasing Committee—H. E. Townsend, K. S. Raymond, E. J. Haskell.

The library has had another good year, with an increased circulation. The use made of it by the scholars of our schools and the members of the different literary clubs shows that it is filling a want that exists.

The report of the librarian will show what has been done during the year.

### REPORT OF THE LIBRARIAN

To the Trustees and Regents of the Memorial Library of  
Westbrook :

GENTLEMEN :—I have the honor of presenting to you the librarian's fourteenth annual report, showing the records of the library for 1907.

So far as we can judge the work of the year has been prosperous in every respect.

## ACCESSIONS.

The number of books which have been added to the library is greater than usual, and much pains has been taken in their selection.

587 volumes have been added since the last report. 98 books have been withdrawn and not replaced, so that the number of books now in the library is 11,289.

324 of the books added were fiction, 58 history and travel, 34 biography, 35 literature, 11 philosophy and sociology, 30 arts and science. Of these books, 509 were purchased, 68 were bound magazines and 10 were gifts.

The library has to thank Mr. Franklin S. Partridge for the gift of four valuable reference books—"The Viking Age," in two volumes, and "The Land of the Midnight Sun," in two volumes. Both are works of Paul Du Chaillu. These books were presented to the library in February and have been much appreciated. The other accessions which were obtained by gift came from the Maine State Library.

The number of bound magazines now in the library is about 700.

Some of the more valuable accessions are as follows:

"The Historie of All Nations," in 24 volumes, edited by C. M. Andrews. This set is very desirable for reference work, as it is provided with an unusually fine index.

"The Commercial Law" set of the International Library of Technology, in four volumes. Also a set of this same library on the "Manufacture of Textile Goods," in six volumes.

"The Original Narratives of Early American History," in three volumes. This set is exceptionally interesting as it includes many of the journals which were kept during the voyages of the first explorers in the U. S., as well as personal letters which were written at that time.

"John Smith's Travels," in two volumes, being the writings of Capt. John Smith, his "Historie of Virginia, New England and the Summer Isles," together with his "Travels, Adventures and Observations."

"Norrena: Anglo-Saxon Classics," in fifteen volumes,

being the mythology of the Northern European nations, including the Icelandic Sagas and the Eddas.

Bernard Shaw's Plays, in four volumes.

### REGISTRATION.

The number of new cards which have been issued is 292, making a total registration of 4,965. This is the largest number of new cards issued since 1897.

### CIRCULATION.

36,274 books were delivered for home use during the year. Last year the number was 35,121, so that while this year's increase is not so great as the phenomenal one of 1906 it is still larger than that to which the library has been accustomed.

The library was open 302 days, therefore the average daily output was between 120 and 121 books. Last year it was between 115 and 116. 90 per cent. of the volumes loaned were fiction.

The largest number of books delivered in one day was 391 on February 23d. This is the largest number in the history of the library. The smallest number was 31 on July 8th.

297 volumes have been rebound. 99 mail notices have been sent for overdue books.

### READING ROOMS.

1,197 books were delivered for use in the reading room.

The "Protectionist" has continued to be upon our tables through the kindness of Mr. Woodbury Dana. Also "Current Events" and weekly copies of the "Army and Navy Journal" have come to us outside of our subscription. No new magazines were added to our subscription list this year.

### CATALOGUES.

The work of cataloguing the library according to the Dewey system was completed early in April, and the new card catalogues have proved of great value. A great deal of reference work has been done at the library during the

year by High school students and members of the various literary clubs.

### FINANCE.

Cash on hand Jan. 1st, 1907,	\$16 30
Total cash receipts during the year,	75 57
	<hr/>
	91 87
Expenditures, including cost of printed cards from Washington,	61 06
	<hr/>
Balance on hand,	\$30 81

### GENERAL STATISTICS.

Total number of volumes in library,	11,289
Volumes added during the year,	587
Volumes withdrawn,	98
Notices sent for overdue books,	99
Total registration,	4,965

Respectfully submitted,

LILLIAN QUINBY, Librarian.

The librarian and janitor have the thanks of the Trustees and Regents for the faithful performance of their duties.

We would ask that the sum of \$1,450 be appropriated for the expenses of the next municipal year.

Respectfully submitted,

J. E. WARREN,  
S. C. MORTON,  
K. S. RAYMOND,  
H. E. TOWNSEND,

### CALENDAR.

The Fall Term, of 14 weeks, begins Monday, Sept. 16, and closes Friday, Dec. 20.

The Winter Term, of 12 weeks, begins Monday, Jan. 6, and closes Friday, March 27.

The Spring Term, of 10 weeks, begins Monday, April 13, and closes Friday, June 19.

The following school holidays and vacations will be observed: Thanksgiving Day and the day following; two weeks following the week of closing Fall Term; Washington's Birthday, Feb. 22; two weeks following the week of

closing Winter Term; \*Patriot's Day, April 19, Memorial Day, May 30.

---

\*Patriot's Day, falling upon Sunday, will be observed Monday following.

### NO-SCHOOL SIGNALS.

In very inclement weather the two fire whistles will signal by 8 blasts at 7.15 A. M. for no school in High school or grades below. At 8 A. M., 8 blasts of whistles for no school in 9th grades or below during forenoon session, or at 12.30 P. M., 8 blasts of whistles for no school in 9th grades or below during afternoon session.

# Report of Superintendent

---

To the S. S. Committee:

GENTLEMEN:—Herewith is presented for your consideration the annual report of the Superintendent of Schools of the City of Westbrook. It is the seventeenth report in the series since the incorporation of the city and my ninth as Superintendent.

In this connection the usual statistics are noted, as follows:

Total number reported by school census in April, 1907, 2,714.

Enrollment for Winter term—Boys 529, girls 607, total 1,136, average 1,014.

Enrollment for Spring term—Boys 523, girls 594, total 1,117, average 1,015.

Enrollment for Fall term—Boys 596, girls 674, total 1,270, average 1,123.

In recent reports mention has been made that the upper grades have been gradually increasing in numbers and the conditions at the present time show no exception to the previous statements.

It may be interesting to compare the attendance for the Fall term just closed with the corresponding term five years ago.

The comparisons are made first by grades as follows: Enrollment in 1902—High school, 123 pupils; ninth grades, 65; eighth, 64; seventh, 92; sixth, 119; fifth, 119; fourth, 117; third, 120; second, 137; first, 192; mixed, 87; making a total of 1,235.

Enrollment in 1907—High school, 175 pupils; ninth grades, 98; eighth, 80; seventh, 101; sixth, 145; fifth,

120; fourth, 122; third, 95; second, 114; first, 140; mixed schools, 76; extra, 4; making a total of 1,270.

Enrollment in buildings for years noted: In 1902—Bridge Street, 290; Forest Street, 326; Brown Street, 118; Valentine Street, 91; Main Street, 73; Warren School, 73; Saco Street, 54; Highland Lake, 27; Prides, 30; Rocky Hill, 30.

In 1907—Bridge Street, 377; Forest Street, 347; Brown Street, 77; Valentine Street, 90; Warren School, 61; Saco Street, 63; Highland Lake, 20; Prides, 33; Rocky Hill, 23.

It will be noticed in this connection that in 1902 the enrollment in High school and Grammar grades was 463, and in 1907 it was 599, showing an increase of 136 over what it was five years ago, while the grades below the Grammar show with the mixed schools an enrollment in 1902 of 772, while the same schools report in 1907 an attendance of 671, showing a decrease of 101.

### TEACHERS.

The teachers have shown a desire to conduct their work in a manner which was of a high standard. They have shown a willingness to co-operate with me in whatever plans have been outlined and I am sure that they will continue to show the same thoughtfulness and painstaking effort in the future.

Early in the municipal year it was unanimously voted to allow the teachers one day each to visit schools in other cities. The teachers were without exception ready to accept this privilege and undoubtedly received much profit from the visits made. This is in line with modern theory regarding methods suggested for the teacher to keep informed about work pertinent to her own. One writer has said that it is impossible for a teacher to do her best work unless she is furnished opportunities to observe the methods used in other schools and confer with those who are studying her problems.

At the close of the Spring term five teachers resigned—four grade teachers and the sub-master of the High

school. One of the grade teachers, Miss Alma Fellows, had taught continuously for a period of eighteen years in the same grade at Bridge Street Grammar school. Her work had been very successful and it caused deep regret to have her leave the school. Each of the others who resigned had taught in Westbrook comparatively short lengths of time, yet they had shown their value to the schools by the excellent work accomplished.

We feel that in the selection of new teachers good ones were obtained and the work will not suffer in consequence.

### SALARIES.

In the last report the committee advocated an increase in salaries for the teachers. Very soon after the committee organized, an investigation was made to determine what salaries were paid in other cities and large towns of the State.

The teachers, not knowing the purpose of the committee, presented a petition asking for a substantial increase of salaries.

Upon conferring with the Mayor and members of the City Council it was decided to make an increase to apply to every teacher below the High school. It was decided to make each teacher's increase fifty dollars on basis of salary schedule that would be in effect in September following such changes as were made subject to action of committee.

This schedule is now in effect and while it necessitates the payment of considerable more money to the teachers, yet they are receiving now no more than in justice belongs to them.

One year ago our report mentioned that four members of the Senior class of Gorham Normal school were obtaining experience in teaching in the Westbrook schools. After a trial of one year, the results were so satisfactory that arrangements were made to continue the plan for another year.

While it is our purpose to have the services of these

girls in rooms where most needed, yet not enough selected grades to fully carry out the plan, consequently some rooms that are in need of assistance can not be supplied. At present time five are serving; at commencement of Fall term seven were obtaining practice work here.

The Normal school permits these teachers to serve seven weeks, at end of which time new ones are sent to take their places. While in most of cases this is too short a time for them to be of greatest help to the teachers and schools, yet upon the whole the plan works well.

It is gratifying to note the interest shown by these practice teachers in the work assigned them; no amount of effort is spared on their part to perform their work in a manner as nearly equal as possible to that of the teachers with whom they labor.

### TEXT BOOKS.

Very few changes in text books have been made during the year, as demands for the purchase of books to keep good those already in use have been made, chiefly in the High school and Grammar schools. Botsford's History of Rome was replaced by Myer's History on same subject. Hill's Rhetoric and Composition was taken in place of Genung's, which has been used for several years, and in the common schools the text book in geography was exchanged for the latest revision of the same text, to be used in sixth grades. These few changes will undoubtedly strengthen the list.

### ABSENCES.

The attendance in our schools is very good based on the enrollment. If all parents showed the same interest in encouraging the attendance of their children as the large majority, the average attendance would be considerable higher than it now is.

The absences which produce a low attendance are attributable to several causes, chief of which may be mentioned the following: First, to a class of residents who are not familiar with the laws relating to school attend-

ance. Second, to many families whose circumstances are such that they need the help of the older children to assist in household duties, errands, etc. Third, to the apparent indifference of many parents of the necessity for and the advantages of obtaining an education. Fourth, to the necessary stringency of the health laws relating to contagious diseases because every precaution must be taken to prevent the spread of disease. Fifth, to the frequent change of residence of many families, thereby causing absence from school.

As may be seen there are many just causes for absences, many of which can not be avoided, but there are so many inexcusable cases of absence or non-school attendance that besides being demoralizing to this class, hindrance to the progress of those who are regular attendants results.

The teachers and truant officer are making much effort to keep the conditions of truancy at a minimum. The teachers frequently investigate cases of absence, and to follow the letter of the law in all cases of what at first appears to be unnecessary absence would work hardship upon the parents. There is need of vigilance on the part of school officials to look after this matter, as it is our business to use all reasonable means to provide for the education of children.

Inducements are offered children to frequent places which are not always conducive to their best interests. Often they are employed in bowling alleys and other places of like nature. They thus earn a little money to spend in any way agreeable to themselves, but the effects upon young boys at their impressionable ages are unquestionably harmful.

The last legislature passed a law which forbids the employment of any child who is less than fourteen years of age in any manufacturing or mechanical establishment in the State. The law further provides that if a child over fourteen years of age but less than sixteen is employed in accordance with the conditions, a certified copy of his birth, obtainable from the town clerk's office or

baptismal records, must be presented and placed on file.

In several instances since the law went into effect in September, the question has been raised about its operation upon the law relating to school attendance. The law relating to compulsory school attendance requires the child to attend school until he is fifteen years of age, and any violation on the part of the parent or child is punishable just the same as formerly.

### HIGH SCHOOL.

The High school is receiving much favorable comment, and judging from indications the school is approved by the citizens and is receiving their support to a greater degree than ever before. With the school the largest in its history and with the revised outline of work, there was pressing need of an additional teacher at time one was employed. The school with its present enrollment and present corps of teachers ought to maintain its reputation gained with fewer pupils.

The accommodations are taxed with the present conditions, and with an increase of pupils, as seems certain, the school building will not be adequate to the demands. How to relieve the situation will need to be considered very soon.

A few citizens who show an interest in the school system have interviewed me regarding the feasibility of having two sessions instead of one in the High school. There are good and sound reasons for the two session plan but if the school maintains the quality of work desired under the single session plan, that upon the whole is satisfactory, perhaps more so to the majority of pupils and their parents. Two or three cities in Maine have within a few years changed to two sessions after experience with one. At least one large High school is now considering the question of returning to the other plan of one session and will undoubtedly do so.

### PHYSICAL TRAINING.

During the Fall term arrangements were made to ac-

cept the very generous offer of the Cumberland Hall Gymnasium to take pupils of Forest Street school for light gymnastic work once each week. Mr. Ross, with his assistants, made a careful examination of those pupils who were not enrolled in the regular classes of the Gymnasium. In all, 316 pupils were examined and records made of physical conditions as required in such work. The summary of these records is placed in this report and is worthy of your careful perusal.

From personal observations of schoolroom accommodations and the appearance of the children in attendance in other towns it seems fair to conclude that the physical defects are no more in evidence among the children of our city than in cities outside whose schools are equipped like our own. It is doubtful if these defects can be attributed to any extent to schoolroom equipments.

From the result of the tests two important conclusions may be drawn. First, that physical imperfections exist, many of which may be remedied to a greater or less extent by proper means. Second, there is need of pursuing a course to correct or partially correct as many of the defects as possible.

Any opportunity to remedy the conditions will without question be welcomed by the board. Some of these physical imperfections mentioned by Mr. Ross will undoubtedly emphasize to the teachers that among their duties diligence is to be exercised in the matter of not permitting the children under them to assume unnatural positions, etc., for any considerable lengths of time, as children usually will do if allowed to follow their natural inclinations while doing school work.

The child, especially the one whose vision is imperfect should be provided with conditions most favorable so not to aggravate the case. The tests will assist the teacher of the grade, particularly in this respect, as she may know more definitely of the existence of trouble with the eyes and will thereby be enabled to do justice to the child in the work assigned him.

It is hoped that arrangements may be made to extend

this work in physical training to other schools of the city.

Such work is directly in line with that advocated by educators of note, and in many cities more is done by having examinations made of each pupil at regular intervals by a physician.

A noted physician in a lecture says, "The child when he enters upon school life should be weighed, measured, tested, and compared with standards of measurement for one of his age, and any defect or deficiency of the body in any direction should be remedied as far forth as is possible during the growth and development of his body, for it is universally recognized that the better the physical condition, other things being equal, the better will be the mental condition, or technical ability."

Our thanks are due to Miss Warren, whose interest and thoughtfulness have provided means to make a beginning in physical training. We feel quite sure that parents of the children receiving benefits from the work are appreciative of her kindness.

It has been my privilege at different times during the year to visit schools outside the city. Among these visits were several days in Massachusetts' schools. By visiting representative schools I have had an opportunity to observe excellent work in various grades, and in Massachusetts, the visits being made near the close of the school year, fair estimates were made of results accomplished.

I find that the work done in our own schools compares favorably in quality with the work observed outside. There is quite a tendency to enrich the courses of study at present time and consequently many cities are attempting more subjects than has been our plan. This matter of requirements for the grades should be carefully considered before trying work outside the essentials.

The work has been gradually improved and strengthened in the city, as careful study of the schools will show.

During the year the work of drawing has been improved by the introduction of water colors in the last three grades.

The work in manual training has been improved by

the addition of an assistant, Mr. George Frank, who takes much interest in the work.

Mention might be made of improvement in other directions, but to give details of such would occupy too much space in a report of this kind.

In closing I wish to express my sincere thanks to the teachers for their assistance and excellent work accomplished during the year, to the school committee for your always ready co-operation and the hearty support which you have at all times given, and to His Honor, the Mayor, and members of the City Council for their willingness to do all in their power for the schools, thereby assisting to make them a credit to the city.

While it is a recognized fact that to keep the schools in a condition of progress increased demands for expenditures will be needed, yet the public will show the same liberal spirit in the future that has been shown in the past, feeling that the duty of those chosen to administer to the needs of the schools with studied economy and well defined purposes will not be neglected.

Respectfully submitted,

FRED BENSON,

Superintendent.

## Report of the Physical Condition of the Pupils of the Forest Street Grammar School, Westbrook, Maine

---

Total number of pupils examined, 316.

Number having round shoulders, 113 or about 35 per cent.

Number having protruding shoulder blades, 69 or about 23 per cent.

Number having uneven shoulders, 52 or about 17 per cent.

Number having defective vision, 55 or about 18 per cent.

Number having flat feet, 35 or about 11 per cent.

Number having bow legs, 31 or about 10 per cent.

Number having knock knees, 19 or about 6 per cent.

Number having sunken chests, 16 or about 5 per cent.

Number having spinal curvature, 13 or about 4 per cent.

Number having nervous hearts, 9 or about 3 per cent.

Number having heart murmurs, 4 or about 1 per cent.

Other observations might have been made if time would permit that would have helped in deciding the condition of the children, such as condition of teeth, hearing, skin, digestion, etc.

In weight, height, trunk length, breadth, depth and girth of chest, as well as in strength of muscles, our children seem to be equal to or above the average city child, but that there is a great need for physical training our test will show.

MAURICE ROSS,  
THEORA WILLIAMSON, } Examiners.

## Report of the Principal of the High School

---

To the Superintending School Committee:

GENTLEMEN—At the beginning of the Fall term 175 pupils were registered at the High school. The large increase in attendance over that of last year necessitated the engagement of another teacher, and Miss Harriet B. Long, a graduate of Vassar college, was elected. At the end of the school year Mr. Bert O. Jones resigned as sub-master, and Mr. Charles O. Turner, a graduate of Farmington Normal school and of Bates college, was elected to fill his place. These are the only changes that have been made in the teaching force during the year.

With the proceeds of entertainments given by the pupils several busts and pictures have been purchased. These add greatly to the attractiveness of the several rooms in which they have been placed. It has been the custom of graduating classes for several years back to present the school with some work of art. The class of 1907 gave a beautiful picture of the Castle of St. Angelo.

Some changes have been made in the course of study. The following is the course as adopted:

### COURSE OF STUDY.

#### FIRST YEAR.

Required—English, Algebra, Ancient History.

Elective—Latin, \*Physical Geography, †Physiology.

#### SECOND YEAR.

Required—English, Geometry.

Elective—Latin, French, Greek, Book-keeping, European History, \*Zoology, †Botany.

#### THIRD YEAR.

Required—English.

Elective—Latin, French, Greek, German, Physics, Mathematics and History Review, English History, \*Commercial Geography, †Commercial Arithmetic.

## FOURTH YEAR.

Required—English.

Elective—Latin, French, Greek, German, Chemistry, American History and Civil Government, \*Solid Geometry, †Trigonometry.

---

\*To be taken the first half year.

†To be taken the second half year.

Through the liberality of Miss Cornelia Warren a course in physical culture is offered to the pupils of the High school. Pupils who do satisfactory work in this course receive credit the same as for any other course. This work is under the supervision of Mr. Maurice Ross, the director of the gymnasium.

Of last year's graduating class, four entered the University of Maine, two Wellesley college, one intends to enter Brown University, and one Colby college. Of the present senior class, three intend to enter the University of Maine, two Dartmouth college, two Bates, and two Colby.

The large increase in the attendance of the High school for the past few years, and the fact that the building is at present filled to about its capacity, would seem to indicate that a necessity will exist in the immediate future for a new High school building.

Of the 175 pupils registered in the Fall term 26 were seniors, 33 juniors, 47 sophomores, 67 freshmen, and two were taking a post graduate course.

Respectfully submitted,

W. B. ANDREWS,

Principal.

## CLASS ODE.

WORDS BY MABEL ALBERTA PIKE

MUSIC BY MARY EUDORA BABB

The moment of parting has come for '07,  
 And with hearts that are both gay and sad  
 We say our farewells to our classmates so dear  
 As we think of the pleasures we've had.

We look to the future with hope ever new,  
 Earnest eyes on the goal as we run,  
 Remembering, too, that those never win  
 Who the dust of the conflict would shun.

And in after days may we show by our deeds  
 That our teachers in vain have not striven  
 To make us a credit to dear Westbrook High,  
 By the precepts so lovingly given.

# Report of the Board of Health

---

To the Honorable Mayor and City Council of Westbrook :

We, the Board of Health of the City of Westbrook, beg leave to submit the following report for the year ending December 31, 1907.

During the year the inhabitants of the city, with the exception of a small epidemic of scarlet fever of very mild form except in three cases and an increased number of cases of diphtheria, have enjoyed a season of comparative health.

## CONTAGIOUS DISEASES.

There have been 82 cases of contagious diseases reported during the year.

Diphtheria,	22
Typhoid Fever,	14
Scarlet Fever,	42
Pulmonary Tuberculosis,	4
Measles,	0

## SCHOOL HOUSES.

Our school officials have made prompt, energetic and determined effort under our direction to place our school houses in a perfectly sanitary condition, even employing expert sanitarians to assist and advise them. Still, from the geographical location of those afflicted with contagious disease during the year, our citizens have some cause to suspect that unsanitary conditions are lurking still in or about some of our school houses.

Of the 42 cases of scarlet fever recorded all but four cases, or 38, were at the East End of our city or that part formerly known as the Cumberland Mills school district. Of these 38 cases, 29 were attendants or in families of at-

tendants of Forest Street school. The nearer you approached this school house the more plentiful the disease became, and more than twice the number of cases were reported from Forest street than any other street in the city.

Of the diphtheria cases reported over four-fifths were on the northerly side of the river, and over 60 per cent. of the afflicted were attendants or in families of attendants of the Brown Street school.

We would suggest to the school officials that when a scholar is stricken with a contagious disease within four days of time of last attendance at any school, the room where such scholar attended be immediately closed and disinfected. It is well known that persons may carry the germs of diphtheria in their systems for several days without the disease showing very annoying or diagnostic symptoms. We would also request that parents and citizens as in duty bound keep a watchful eye on our school houses and report to us any unsanitary condition they may discover.

### COMPLAINTS OF NUISANCES.

Fifty-five complaints of nuisances or unsanitary conditions have been made to us during the year, all of which we have investigated. Eleven of these were written complaints, signed by no less than three persons, requesting that the premises complained of be connected with the public sewer. We found just cause for complaint in each case and ordered owners or agents to forthwith make sewer connections. Eight of these have made such connections to our approval. Two have partially complied with our orders, promising to finish in the early spring. One has thus far failed to meet our demands and this case is in the hands of the City Solicitor for further action. Four complaints were not in our province, being of refuse, not decaying matter. Four others seemed to be inspired by malice instead of a desire for better sanitation, and in these and five others we decided there was no just cause for action.

Three premises on King street we decided could only be made sanitary by a continuance of the accepted part of the street and an extension of the sewer. We referred this matter to the City Council, who took prompt action, and these premises are now connected with the public sewer.

As in the year 1906, vigorous and continuous complaints were made this year to every member of the Board of the intolerable unsanitary conditions of the deep run between North and Cole streets. We went before the City Council, stated the conditions and asked for a sewer. After due investigation that body decided to lay a sewer on Cole street, which is now completed, and in the spring this nuisance will be abated.

Dodge street sewer caused us much trouble by flooding the cellars connected with it. This was caused by the sewer not being laid deep enough and having siphon curves to save in cost of drilling or blasting when laid. We brought this matter to the attention of the Mayor, who caused the sewer to be relaid larger, much deeper and of an even decent, and we believe we shall have no more trouble here.

At our earnest solicitation the discharge of the North street sewer has been extended 50 feet further into the river, thus relieving a horrible stench which pervaded the north side at low water, causing a nuisance of which there was bitter complaint. Also at our request S. D. Warren & Co. placed a sewer with two cesspools on their made land on the northerly bank of the river, thus affording sewer connections for all premises on River street and adjacent territory.

Stagnant water filled with decomposing matter in the bed of the old Cumberland and Oxford canal at the junction of Valentine with Spring street caused loud complaints, mutterings and threats of legal action during the year of 1906 and spring months of 1907, and for awhile there seemed to be no remedy for the evil as no party, not even the city, would acknowledge ownership of the land or responsibility for its condition. But finally the Mayor

took the matter in hand, caused earth to be dumped along the canal bed and to a great extent relieved the nuisance. We would request that earth be dumped a distance further toward the Beaver Pond in the spring.

Of the remaining 22 nuisances complained of 20 have been relieved and we are now devising means for the relief of the remaining two. This large number of complaints made during the year being largely in excess of the total number of such complaints recorded in the previous ten years up to 1906 shows that the people are fast gaining knowledge of the causes and nature of diseases and are using due diligence to prevent their inception and spread.

A nuisance complaint made purely from malice is a contemptible act. A citizen will call on some member of the Board and represent that his neighbor's premises are in a very unsanitary condition, urging prompt action on our part. Often our approach to the premises complained of will be the signal for these neighbors to turn out and enter into a hot wordy combat, each referring us to the condition of the others premises. If we find no just cause for complaint in one or both places we will often be denounced even to our faces as incompetent or partial. There should be and probably is a law to punish persons who would attempt to prostitute justice to malicious ends for their temerity.

### A WORD TO THE DOCTORS.

We wish to thank our physicians for the prompt manner in which they have reported all cases of contagious diseases and valuable assistance rendered by them. A vote was passed by a board of our predecessors to furnish at the city's expense antitoxine free to persons or families of very limited means. This vote was not intended to apply to those with steady or lucrative employment whose credit was good, and certainly not to owners of property, but only to those to whom it would be impossible or a great hardship to purchase this remedy. But this vote has been variously interpreted by our physicians. Some

have requested us to furnish all the antitoxine used in every case they have reported, while others reporting an equal number of cases have asked us for very little, and the physician reporting the largest number has requested us to pay only one-half of the cost of one bottle used on one of his cases.

We would suggest that our appropriation is quite small and there are many urgent demands upon and necessary uses for it, and with the strictest economy, almost niggardliness, we have found it impossible to quite make it cover our expenses. The City Council is not willing to grant us means to supply this remedy liberally, therefore we can furnish it only in urgent cases. We hardly believe any physician would be willing to acknowledge that all or a large part of his patients with diphtheria were on the verge of pauperism.

#### LARGER APPROPRIATION NEEDED.

We wish to thank the Mayor and City Council for the very substantial increase they made in our appropriation for the year just closed, but the amount now given us is still inadequate to our needs.

We have managed this year to keep expenses nearly within our appropriation, having made only a slight overdraft. Still, many things that we could and should have done we were obliged to leave undone for lack of funds. We will mention an instance. The secretary of the State Board strongly urges us to avail ourselves of laboratory tests in all cases of disease where there is the slightest ground for suspicion that contagion may be present. It is well known that many cases of tonsilitis are so near the line of diphtheria that no physician, no matter how skillful, can positively assert which the disease may be. A notable instance proving this occurred in our city a few years ago when members of a certain family were stricken with a disease pronounced tonsilitis by the attending physician. The malady spread; another physician was called who also decided the cases were tonsilitis. Members of neighboring families came down with it and one or more

deaths resulted, when a laboratory test showed the disease to be diphtheria. We desire to prevent the possibility of such lamentable occurrences as this and allow no person to be let out of quarantine until such test shows all danger of contagion is past.

We note that the Mayor in his inaugural address, when speaking of the school department, said in substance that the social standing and business ability of the members of the School Board is such that their estimates of amounts needed for school purposes should be granted without question. We only wish that the standing of members of the Board of Health was such that our estimates of amount needed for necessary expenses would receive the same generous approval. But as dear as our schools are to us, the first thought of every citizen should be for the health of the city, for without health education would be difficult or impossible to obtain, or if obtained would be of little use, while the vacant chairs at the fire-side speak louder than words for better knowledge of and proper attention to the laws of health. We would suggest that an appropriation of at least \$500.00 would be needed for this department in ordinary years.

#### A ROOM NEEDED FOR THE BOARD.

We wish again to call your attention to a suggestion made in several of the last annual reports that the city should provide a room for the Board of Health. Through the courtesy of the Mayor we have holden our monthly and other meetings in his office. If this courtesy should be extended by other mayors we shall have a place of meeting, but we have a large number of utensils, together with books, stationery, letters, cards, drugs, pamphlets, records, etc., for which we have no room.

We wish to thank the city officials and citizens for their hearty co-operation with this Board.

Respectfully submitted,

ALBION E. COBB,

Secretary.

# REPORT OF THE Trustees of Woodlawn Cemetery

---

WESTBROOK, ME., Dec. 30, 1907.

To the Honorable Mayor and City Council of the City of  
Westbrook :

The Trustees of Woodlawn Cemetery respectfully  
submit the following report.

Number of lots sold Jan. 1, 1907 to Jan. 1, 1908,  
including whole and half lots, equals

Twelve and one-half whole lots,	\$693 75
Amount received for perpetual care,	375 50
Amount received for single graves,	10 00
	<hr/>
	\$1,079 25

The valuation which covers all property con- nected with the Cemetery,	\$6,000 00
---	------------

## IMPROVEMENTS.

125 feet have been graded about Lake avenue. 418  
feet have been graded on Western avenue. So the entire  
length is passable.

Around Lawn Lake has been seeded and grassed.

Twenty-three single lots have been made on Western  
avenue.

## REMARKS AND SUGGESTIONS.

Twenty years' experience has demonstrated that lots  
sold should be paid for at the time of purchase in order  
that the Cemetery may be kept up to the standard of the  
past.

On account of the advance in labor and in material

used, with a larger amount of care there must soon be an advance made in the price of lots, also for perpetual care.

The Trustees repeat their former advice, viz., to take care of deeds and bonds issued on payment of lots, and in connection with this earnestly suggest that those who have not paid for perpetual care should consult the Trustees in reference thereto.

South Woodlawn Cemetery has been opened and will be plotted the present year.

L. W. EDWARDS,	} Trustees of	
A. T. SKILLINGS,		} Woodlawn
S. B. BAILEY,		

# REPORT OF THE Chief Engineer of the Fire Department

---

To the Honorable Mayor and City Council of Westbrook:

GENTLEMEN:—I herewith submit my report for the year 1907.

## FIRES AND ALARMS.

Number of fires and alarms,	17
Amount of insurance on the same,	\$15,600 00
Loss on the same,	1,430 00
Excess of insurance over loss,	14,170 00

## HOUSES.

The Hose House at the West End is in good repair throughout, but the house at the East End is not sufficient for its needs. Something ought to be done this year toward securing a better location and a better house.

## APPARATUS.

The apparatus is in quite good repair. Two exercise wagons have been added the past year, which have filled a long felt want.

## RECOMMENDATIONS.

Owing to the alarming number of disastrous fires occurring in neighboring cities and towns, we have been looking for the weak places in our fire fighting facilities and find many needs for improvement, first among which is the pressing need of more hydrants, and owing to the favorable contract which the city has with the Portland Water Company, that is a need that is very easily remedied. We ought to have at least 12 new hydrants this

year. We also need more Eastman nozzles and one deluge set.

A permanent man placed in each house, to be there day and night, would to my mind be a great addition to our force. I think it is well worth your serious consideration.

#### HOSE.

We have at present 4,750 feet of reliable hose, 400 feet of poor quality. The balance of poor hose has been handed over to the street department. 1,000 feet of new hose ought to be procured this year.

Respectfully submitted,

JOHN BYRNE,

Chief Engineer.

# REPORT OF THE Committee on Street Lights

---

March 9, 1908.

To the Honorable Mayor and City Council:

The Committee on Street Lights respectfully submit the following report.

During the municipal year ending December 31, 1907, we have added the following lights to the service.

1 light at corner Franklin and Valentine streets.

1 light at junction of Pierce and Cumberland streets.

2 lights on Morton street.

7 lights on Stroudwater street.

2 lights on Spring street.

We have changed the location of the following lights: one in front of Thomas Watson's residence, Main street, to the corner of Waltham and Main streets, also one light in front of the Charles Lewis residence, Brackett street, to a point on same street opposite Burnham street.

The following petitions were reported on favorably: one for a street light, corner Mason and Oak streets; one for a street light between Waltham and Oak streets; one for a street light between Lamb and Seavey streets. A petition for street lights on Methodist Road and for a street light at junction of Union and Middle streets were left over to the next Council.

The appropriation was \$4700.00.

We have at the present time:

5 arc lights,

175 25 candle power lights.

172 16 candle power lights.

Respectfully submitted,

OSCAR G. K. ROBINSON.

G. R. JOHNSON.

CLEOPHAS AUBE.

# Report of the Treasurer

---

TREASURER'S OFFICE,  
WESTBROOK, ME., Dec. 31, 1907.

To the Honorable Mayor and City Council of Westbrook :

GENTLEMEN:—I have the honor to submit herewith my account as Treasurer of the City of Westbrook for the municipal year ending December 31, 1907.

Respectfully,

GEO. B. GRAY,  
Treasurer.

# Chapter 166 of the Public Laws of the State of Maine for the Year 1907

An Act for the better collection of taxes.

Be it enacted by the Senate and House of Representatives in Legislature assembled as follows:

That on and after January first, nineteen-hundred-and-eight, all municipal officers of the cities and towns in making out their yearly report shall cause to be printed in said report the names and amounts of all delinquent tax payers which have been committed to the treasurer or collector for collection.

The failure for non-performance of this duty shall be not less than five dollars nor more than twenty-five dollars.

Approved March 27, 1907.

Respectfully,

GEO. B. GRAY.

The following is the list as required by the above Law.
